Silent Risk: Women and Heart Disease

Friday, February 24, 2017

In Calhoun County, 41.9% of women under 75 years old are at risk for heart disease according to CDC 2012-2014 national data.

Learn from Dr. Simone Bruemmer and Judy Cronin, NP how to manage women's heart disease and defeat the statistics.

**11:30 am-1:00 pm at
The Kool Family Community Center
200 W. Michigan, Battle Creek**

A light lunch will be served at 11:30 a.m., followed by the presentation.

Registration is required.

Call Senior Health Partners (269)441-0948, or go to bronsonhealth.com/classes.
